

SINGLE TIPI

The diagram shows a single tent with most of the sides down leaving an opening as the entrance. This particular example shows a firepit and 8 tables of 9 seated making a total of 72 guests for dining. With the sides open there is more room for guests, which would be more suitable for summer events.

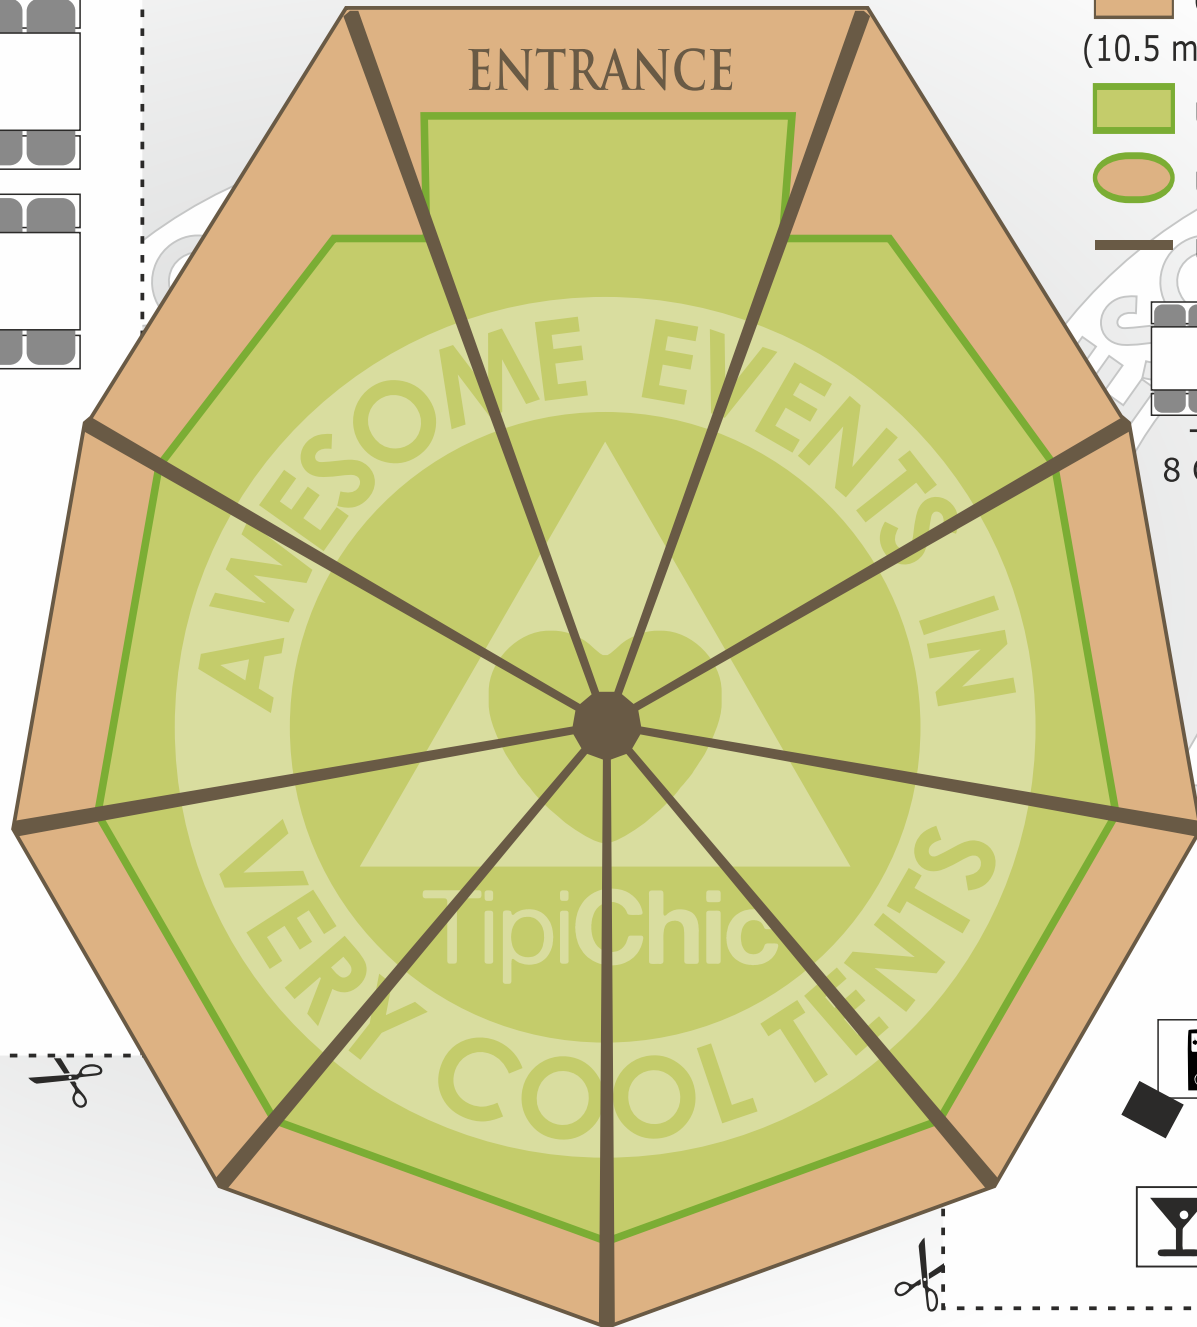

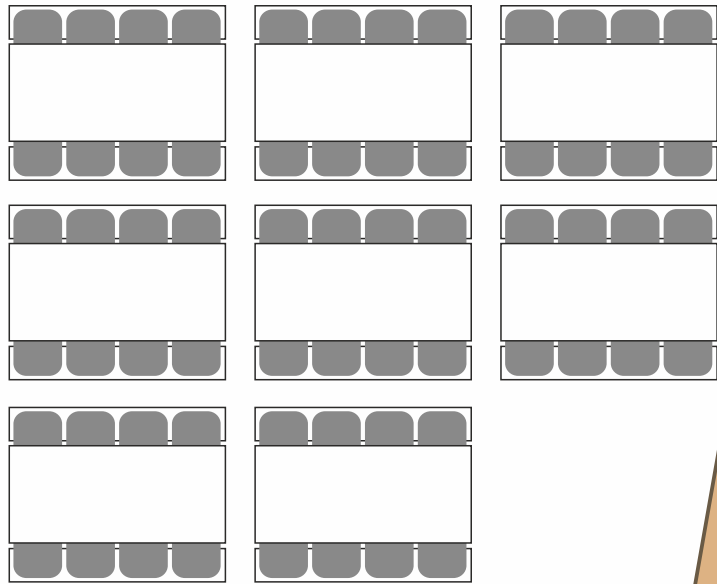

KEY:

- Canvas Footprint (10.5 metres x 10.5 metres)
- Useable Area
- Unuseable Area
- Upright Tent Poles
- Table 8 Guests
- Chair
- Firepit
- DJ
- Bar
